

MUMJ

MCMASTER UNIVERSITY MEDICAL JOURNAL

CALL FOR ARTICLES

The **McMaster University Medical Journal** welcomes original articles written by students and faculty of all disciplines and medical residents. MUMJ is an annual academic journal created to share advances in medicine and to augment our understanding of social issues that impact individual and population health.

The following sections are featured in MUMJ:

- Case Reports
- Clinical Reviews
- Original Clinical/Biomedical Research
- Commentary

Through the inclusion of a wide array of articles, MUMJ aims to present a thoughtful blend of the academic and social issues in medicine.

Allied Health

Medical Technology Global Health

Literature, the Arts and Medicine

**Health Policy and Ethical and Legal
Public Health Issues in Medicine**

History of Medicine

Evidence-based Medicine

Medical Education Health Advocacy
